\*Working around their normal schedule, Police and Fire personnel work film details on an overtime basis. Due to possible conflicts with work schedules, film companies should attempt to schedule work hours 7 days in advance. The Police Department may require supervisors to work if more than 3 officers are working at the same time. Work schedule cancellations by the production company within 24 hours of the scheduled filming hours will incur a 4-hour minimum charge for each officer involved (to be deducted from the permit fees).

The number of officers required is determined by the Police Department. All Police personnel scheduling will also be coordinated through the Police Department.
