*As of November 3, 2020, the Los Angeles County Public Health updated the El Segundo Confirmed Case count to 151. Los Angeles County Public Health began reporting cases of positive COVID-19 based on the zip code the patient listed in the medical records. This reporting started on March 22, 2020 and El Segundo has had 151 reported cases.

**The Centers for Disease Control recommends a 14-day quarantine once a patient tests positive. It has been determined that a majority of cases resolve within the 14-day period, however some patients remain symptomatic beyond the 14-day period. This reporting of active cases takes the more generalized approach all patients are encouraged to follow medical guidance.

***These are the calculated case rates and testing positivity numbers determined by the ES AHIMT from Los Angeles County Department of Public Health data, available at the time of calculation
