

## Android - How to Add a Webpage to Your Homescreen

1. Launch Chrome on your Android
2. Navigate to the website page that you would like to add to your home screen
3. Click the “menu” button

## Before you begin

Sign up for an account to manage your service requests and accounts with us. Creating an account saves you time with auto-completion of your contact information when completing forms and the ability to view a history of your requests and accounts.
