

2022 Legislative Platform

Introduction

The purpose of the City's annual Legislative Platform is to represent the official City positions on proposed regional, state, and federal legislation. The Legislative Platform is aligned with the City's five Strategic Goals which focus on providing the highest level of service to the City's residents and businesses.

The Legislative Platform provides clear direction to the City Manager to respond and take action quickly, under the direction of City Council, as initiatives that impact the City are considered at the regional, state, and federal levels. The City Manager shall coordinate the monitoring of legislative issues that impact the City and ensure that the City takes a position on all applicable proposed regional, state-wide, and national legislation, regulation, and related matters.

The Legislative Affairs Manager will update the Legislative Platform throughout the year at the direction of the City Manager, as necessary, to address and prioritize new issues as they relate to the City or the region. The Legislative Platform does not preclude City Council consideration of additional legislative and regulatory matters arising throughout the year. As necessary, Staff will solicit City Council authorization to amend the Legislative Platform to include items not included in the existing Legislative Platform.

For proposed legislation, either consistent with the City's Legislative Platform or consistent with legislative positions the City has taken in the past, City Staff shall be authorized to prepare position letters on behalf of the Mayor and/or City Councilmembers. Items not addressed in the City's Legislative Platform may require further City Council direction. Legislative priorities may only address issues directly relevant to or impacting the provision of municipal services. Generally, the City will not address matters that are not pertinent to the City's local government services such as international issues.

City departments are encouraged to monitor and be knowledgeable of any legislative issues related to their discipline. However, requests for the City to take positions on a legislative matter must be directed to the City Manager's Office. City departments may not take positions on legislative issues without City Manager's Office review and approval.

The City's primary legislative focus includes protecting local government control, maintaining local government revenue, pursuing public security funding, obtaining funding for environmental sustainability, transportation, recreational, technology and public infrastructure improvements.
