Training Bulletin: Arrest and Control Manual

The Arrest and Control Manual has been published by the members of the El Segundo Police Department Defensive Tactics Staff. It is intended to assist officers with their understanding of department approved ACT techniques, as well as assisting officers in properly documenting use of force incidents. Special thanks to Chief Tavera, Sgt. Villarreal, and Officers Muir, Danowitz and Atkinson for working on this lengthy project.

One copy of the manual will be kept in the WC office. Sgt. Villarreal and other ACT members will provide briefing training related to the manual in the upcoming weeks.
