Dear Water Customer,

This letter serves to notify you that the rates associated with delivering your potable water and wastewater treatment have increased as of January 1, 2023 in accordance with Proposition 218 and City Ordinance No. 1622, which was adopted by City Council on March 2, 2021.

Attached are tables highlighting the prior rates and new rates and their effective dates for water and wastewater. All new rates will appear on your current water bill; any charges prior to the effective dates will be prorated at the old rates.

If you have any questions about these rate increases or your water and wastewater bill, please call the City's customer service for water billings at (310) 524-2319.

Sincerely,

Joseph Lillio
Director of Finance
