The El Segundo Police Department is currently investigating a string of commercial burglaries that occurred during the early morning hours of Saturday, March 25 at approximately 3 AM. The suspects targeted six closed businesses in the downtown district of El Segundo, forcing entry into each location targeting cash registers and valuables. The two suspects have yet to be identified and were wearing hoodies and masks to conceal their identities. These same suspects may be responsible for similar crimes in surrounding cities.

Our Detectives are working closely with the impacted businesses to gather all evidence and collect surveillance footage.

The El Segundo Police Department is prioritizing this investigation and is utilizing all available resources to identify the suspects and take them into custody.

“We know how personally and financially painful this is for the business owners affected by these crimes,” said Mayor Drew Boyles. “We are doing everything we can to make sure violations like this do not happen again in the future.”
